

Register Check

FEATURES

- s Provides a clean and easy method of checking screen print registration.
- s Reduces scrap due to printing errors and eliminates board clean up time by checking registration on the film, not the board.
- s Eliminates the need for and disposal of clean up solvents.
- s Ideal for all typical printed circuit board surfaces.

DESCRIPTION

.004 in (.10 mm) LDPF film engineered for protection of circuit boards during set up for screen printing. The custom formulated acrylic adhesive system offers a “lower adhesion” product with easy release upon completion.
